

The Human Resources Workforce Development Unit is committed to offering employees a wide and rich selection of staff training and professional development opportunities. Workforce Development also manages the County's learning management system, ***sonoma higher ed***.

The look and functionality of ***sonoma higher ed*** corresponds to the Four-Tier System to make searching and registering for training easier than ever.

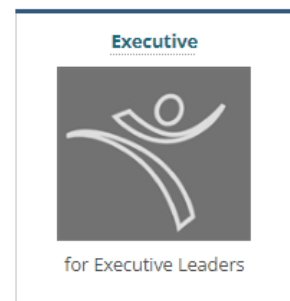

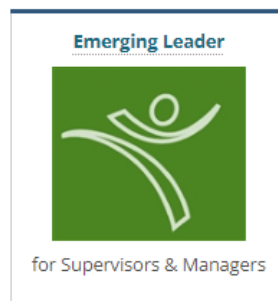

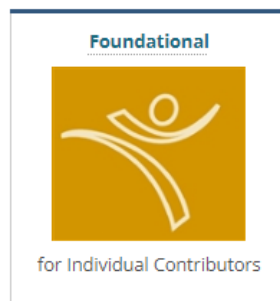

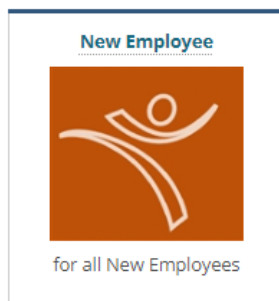

The FOUR-TIER SYSTEM is structured to guide employees in their training participation and advancement goals within the County. Training courses are placed within the respective Tiers, so employees can easily select appropriate topics and measure their progress.
