Presentation to SUD Providers

Ariana Díaz De León,
*Patient & Community
Engagement Manager*

October 9, 2024

Our Story

At Santa Rosa Community Health, we believe everyone should have the **opportunity for a full and healthy life.**

Every day, we open our doors to care for patients in a way that honors them and meets their health care needs. We welcome everyone with compassion and respect for their culture, language, identity, and values—**no matter what.**

We do this because each person is unique and **deserves to be seen and valued for who they are** and the life circumstances that bring them to us. None of us should ever receive anything less than the **best care possible.**
