OVERVIEW

Purpose

The Area Plan serves as the guiding document for demographics, community engagement, community initiatives and funding outcomes for the Sonoma County Area Agency on Aging. The structure is dictated by the California Department of Aging.

Regulation

In accordance with the Older Americans Act (OAA) Reauthorization Act of 2020, Sections 306(a) and 307(a)(1), Area Plans shall be submitted in a uniform format specified by the State Agency. The forms and templates contained in this document constitute the required Area Plan format.

In the event of an amendment to the OAA during the Fiscal Year (FY) 2024-2028 Area Plan cycle, CDA will issue a Program Memo (PM) describing the changes and providing relevant guidance and any necessary form and template changes pertaining to the Area Plan.

AAA Name: County of Sonoma Area Agency on Aging

PSA 27

This Area Plan is hereby submitted to the California Department of Aging for approval. The Governing Board and the Advisory Council have each had the opportunity to participate in the planning process and to review and comment on the Area Plan. The Governing Board, Advisory Council, and Area Agency Director actively support the planning and development of community-based systems of care and will ensure compliance with the assurances set forth in this Area Plan. The undersigned recognize the responsibility within each community to establish systems in order to address the care needs of older individuals and their family caregivers in this planning and service area.

SECTION 1. MISSION STATEMENT

The Sonoma County Area Agency on Aging, Planning & Service Area 27 provides leadership, services, education and advocacy to promote the dignity, independence, and quality of life for older adults, adults with disabilities and their caregivers.

Sonoma County's Area Agency on Aging is also guided by the California Department of Aging's Vision, Mission, and Values²:

- Vision for an age and ability-friendly California where we choose where and how we live throughout our lives.
- Mission to transform aging for individuals, families, and communities by leading innovative programs, planning, policies, and partnerships that increase choices, equity, and well-being for all Californians as we age.
- All while embracing the values of Person-Centered & Outcome-Based, Leadership & Collaboration, Innovation & Inclusivity.

SECTION 2. DESCRIPTION OF THE PLANNING AND SERVICE AREA (PSA)

Physical Characteristics

The County of Sonoma recognizes that we're on the ancestral lands of the Coast Miwok, Pomo and Wappo who are the original caretakers of this area. We respectfully acknowledge the Indigenous peoples who continue stewarding and maintaining relationship on this land as knowledge keepers.

The County of Sonoma is a single county and county run Planning and Service Area (PSA). Sonoma County is one of nine counties comprising the San Francisco Bay Area, just 60-miles North of San Francisco and borders the counties of Marin in the South, Napa and Lake to the East and Mendocino to the North. Sonoma County is geographically varied with a mixed rural and urban character.

Sonoma County is a special place to live and age. The county's 1,768 square miles includes majestic redwood forests, the rugged coastline of the Pacific Ocean, over fifty parks (both regional and state) offering hiking and cycling paths for all mobility levels, and lakes and rivers for water recreation.

Highway 1 runs North-South along the coast, Highway 12 runs West-East and Highway 101 runs North-South through the center of the county. Sonoma County is home to the Sonoma-Marín Area Rail Transit (SMART), a public transit agency that operates passenger and freight trains in Sonoma and Marin counties as well as the Charles M. Schulz Sonoma County Airport.

The area is comprised of nine incorporated cities. The largest universities in Sonoma County are Santa Rosa Junior College, Sonoma State University and Empire College. There are three major health providers, Kaiser Permanente, Providence and Sutter Health as well as

² https://aging.ca.gov/About_Us/

four federally qualified health centers. The county is also home to internationally renowned restaurants, breweries, and wineries.

The median property value in Sonoma County was \$665,800 in 2021, which is 2.72 times larger than the national average of \$244,900. In 2022, 22.5% of the population was living with severe housing problems in Sonoma County³. The county’s housing options for older adults include affordable older adult and intergenerational properties, mobile home parks designated for older adults, and senior living communities.

Demographic Characteristics

California’s older adult population age 60+ is projected to diversify and grow faster than any other age group, increasing from 16% in 2010 to 25% of the population by 2030. Sonoma County already exceeds this projection with older adults accounting for 28% of Sonoma County’s current total population, a number that is projected to increase to 35% by 2030.

There are 9 incorporated cities and towns in addition to 28 census-dedicated places (CDP). Seven of its nine incorporated cities are home to populations of fewer than 50,000, while Santa Rosa, the county’s largest city, has a total population of 178,127. Older adult populations live throughout all areas of the county.

Population Totals

According to the 2016-2019 American Community Survey, 5-Year Estimates, the total population of Sonoma County comprised of 60+ is 28% or 142,132 of the total population.

Race of People 60+

These statistics were generated from the census data. The data on race are based on self-identification and the categories on the form generally reflect a social definition of race. The categories are not an attempt to define race biologically, anthropologically, or genetically. Respondents can mark more than one race on the form to indicate their racial mixture.

Race	Number of 60+	Percent of 60+
American Indian & Alaska Native	829	.6%
Asian	4,834	3.5%
Black or African American	1,519	1.1%
Native Hawaiian and other Pacific Islander	276	.2%

Some Other Race	6,078	4.4%
Two or More Races	5,387	3.9%
Total	138,132	

Ethnicity of People 60+

On census surveys, an individual can report as White, Black or African American, Asian, American Indian and Alaska Native, Native Hawaiian and Other Pacific Islander, or some other race. Additionally, respondents may report multiple races. Ethnicity determines whether a person is of Hispanic origin or not.

Ethnicity	Number of 60+	Percent of 60+
Hispanic or Latinx	14,228	10.3%
White	113,406	82.7%
Other	5,663	4.1%

Gender of People 60+

Gender identity refers to an individual's gender, whether male, female or another category such as non-binary. This may or may not be the same as their sex registered at birth. The question on gender identity was new for Census 2021.

Female	54.6%
Male	45.4%

People with Disabilities 60+ and 18+

In an attempt to capture a variety of characteristics that encompass the definition of disability, the ACS identifies serious difficulty with four basic areas of functioning – hearing, vision, cognition, and ambulation.

Number of 18+	53,342
Number of 18 to 59	19,786
Number of 60+	33,556

Unique Resources & Constraints

The growth in Sonoma County’s older adult population has significant implications for both individual and community life by enriching the county with increased wisdom and a wealth of intergenerational connections while also challenging families and community organizations to provide planning and support related to an increased need for services.

Unique resources in Sonoma County include senior centers in each of the nine incorporated cities supporting a variety of activities such as safe mobility education, meals, and special interest classes. Sonoma County’s Regional Parks Department offers activities specifically geared to older adults⁸. Snoopy’s Home Ice Redwood Empire Ice Arena hosts hockey for all ages and the world’s premier Senior Hockey Tournament. The Green Music Center on the Sonoma State University campus hosts the Santa Rosa Symphony and along with the

⁷ This statistic does not account for undocumented residents in Sonoma County. As shared by a representative from La Luz Center in Sonoma County, aging agricultural workers and others are being undercounted.

⁸ <https://parks.sonomacounty.ca.gov/play/calendar/seniors>

Luther Burbank Center for the Arts invites musicians and performers from all over the world. The Sonoma State University campus also hosts the Osher Lifelong Learning Institute.

While there are a variety of programs and services designed to assist older adults and adults with disabilities with basic needs and to promote a healthy quality of life, older adults, adults with disabilities and caregivers continue to express a need for more information about these services. This emanated from the countywide needs assessment focus groups where 49% of respondents expressing that they still don't know what services are available to them compared to 64% from the previous needs assessment.

Disaster planning and education remains a significant challenge given power shut off events, significant fires and/or floods requiring evacuation and in 2017, 2019, 2020 leading to loss of housing and/or the lives of primarily older adults. The rising cost of insurance and insurers canceling policies due to disasters have created challenges. The ongoing challenges of isolation and interruption in access to healthcare created by the pandemic further amplify complex trauma and the need for services.

Sonoma County shares with state and nationwide counterparts the challenges related to affordable housing and caregiving services, and transportation solutions that meet the needs of older adults, adults with disabilities and their caregivers. The county also shares the challenges of Older Americans Act revenue that does not meet the needs of these populations. The Sonoma County Area Agency on Aging continues to strengthen its efforts around education, advocacy, and data collection to influence funding, legislation, and policy development. The AAA continues to seek out funding through grants and collaborative partnerships to meet the needs of its most vulnerable residents.

Service System

Sonoma County's Area Agency on Aging continues its commitment to provide quality leadership and coordination among service providers in the PSA through a dynamic web of AAA partner agencies and community groups as well as services, programs and initiatives provided in whole or in part by the AAA to support older adults, adults with disabilities and their caregivers.

Aware of the increasing complexities and challenges faced by these populations, the County's Human Services Department Adult & Aging Division established a Community & Administrative Services Section. This new section fosters a holistic and collaborative approach to services both within the county government structure as well as with community-based organizations and residents.

In October 2023, the County released a first of its kind Request for Proposal (RFP) to address the needs of older adults, adults with disabilities and caregivers. This RFP created a new approach to funding that combined revenue streams and programs, both existing and anticipated. Staff included programs that had not been funded in prior years to invite proposals for shovel-ready projects should new revenue become available. The RFP resulted in more than forty proposals that were scored and rated enabling the County to contract with providers more efficiently over the next four years leading to services with less delay, particularly in the case of new funding streams (typically a 4-to-6-month process).

SECTION 3. DESCRIPTION OF THE AREA AGENCY ON AGING (AAA)

The Sonoma County Area Agency on Aging (AAA) is a county-based program established in 1994 by the Sonoma County Board of Supervisors. It is a program of the Sonoma County Human Services Department's Adult & Aging Division. The Area Agency on Aging is tasked with developing and coordinating a system of services that enables the Planning & Service Area's older adults (age 60+) and adults with disabilities to live independently and with dignity, prioritizing those with the greatest economic or social need.

The Area Agency on Aging is held within the Adult & Aging Division's Community & Administrative Services Section to align revenue, contracted services and direct services provided by the Division.

Service Delivery & Network of Services

Sonoma County is committed to the development and strengthening of a comprehensive, community based "No Wrong Door" system of services. The County's Area Agency on Aging program collaborates with county, state, and local networks to support a streamlined approach to services and support systems centered on the needs of older adults, adults with disabilities and their caregivers.

The Sonoma County Area Agency on Aging program has partnered with a local media group to produce the Aging & Disability Resource Directory. This tool is available online as a searchable index and .pdf as well as a printed directory.

Sonoma County Aging & Disability Commission (Formerly the Area Agency on Aging Advisory Council)

The Advisory Council to the Sonoma County Area Agency on Aging is named the Sonoma County Aging & Disability Commission and supports the AAA program's mission to promote the dignity, independence, and quality of life for Sonoma County's older adults, adults with disabilities and their caregivers. The Commission provides leadership and promotes involvement of older adults, adults with disabilities and caregivers to inform and develop community-based systems of care and community-based systems of services to support independence and protect quality of life.

The Area Agency on Aging 21-member Commission is comprised of ten Board Appointed members (2 members from each of the 5 supervisorial districts) and eleven commission elected members all of whom represent and advocate for the interests of people in the community. The Commission is committed to membership diversity ensuring demographic representation of the county's low income, over 60 years of age,

adults with disabilities and Black Indigenous People of Color (BIPOC).

The Commission's Executive Committee is comprised of the Officers (Chair, Vice-Chair, and Secretary) as well as Parliamentarian and Ex Officio Chair. This committee is responsible for planning the full Commission agenda and reviewing progress of and providing direction to Ad Hoc Committees.

Ad Hoc Committees are time-limited, project specific workgroups comprised of less than a quorum of the Commission members and not held as public meetings. Ad Hoc Committees have taken the place of Standing Committees due to the nature of the work, their flexible meeting schedule and the ability to meet virtually. This structure supports a more nimble and responsive approach to community concerns and priorities. Ad Hoc Committees report progress to the Executive Committee. Discussion is brought to the full Commission and action is taken as appropriate in a public venue that also allows for public comment.

Aging & Disability Commission deliberations and actions are taken at public monthly meetings, with public comment welcome. The Commission is overseen by the Board of Supervisors and has no decision-making authority. The Commission is empowered to:

1. Review and comment on all community policies, programs and actions that affect Sonoma County's older adults, adults with disabilities and their caregivers, with the intent of assuring maximum coordination and responsiveness to community needs.
2. Advise AAA staff throughout the development and administration of the Area Plan.
3. Review, assess, make recommendations, and provide comment to the Board of Supervisors regarding policy issues or funding allocations.
4. Hold fact-gathering meetings with the public to better identify issues and challenges, thus identifying community points of view.
5. Identify issues and document recommended action by the Board of Supervisors.

Leadership – Awareness – Policy

The following Area Agency on Aging initiatives provide leadership, awareness, and promote involvement of older adults, adults with disabilities and their caregivers in developing community-based systems of care and inform service delivery priorities to support innovative and meaningful services countywide. Initiatives are led by staff and often amplified through the Aging & Disability Commission priorities, goals and objectives.

- Convening Sonoma County Aging & Disability Commission (Formerly the AAA Advisory Council) Public Meetings

Members of the public are invited to attend and encouraged to participate in monthly Commission meetings. Topics of discussion focus on the needs of AAA Targeted Populations.

Agendas are posted on the Sonoma County Aging & Disability Commission website, at the AAA office site and the County Administrators Office and emailed members of the public. AAA contracted service providers, legislative office representatives and other agencies and organizations in Sonoma County that serve the Targeted

Populations are included.

- Coordination and Engagement with Local Healthcare Providers and Plans
The AAA staff engages with local healthcare provider, Providence, and their Emergency Room team to address falls prevention to reduce ER visits. Staff has partnered with Petaluma Health Center for their staff to offer A Matter of Balance (fall prevention education) in Spanish. Staff developed a Safe Mobility brochure and are organizing a Safe Mobility Forum using CalFresh Healthy Living revenue and intended to engage health partners. AAA staff is strengthening its relationship with Partnership of California to support medical transportation solutions in more rural parts of the County. The Adult and Aging Division is in partnership with three Federally Qualified Health Centers focused on integrated healthcare and social care for older adults. The Adult and Aging Division is in the process of contracting with Partnership Health Plan to implement a CalAIM Enhanced Care Management program for Linkages (Title IIIB Case Management) clients.
- Coordination with and Links to County Programs and Services
As a County AAA, staff ensure coordination with other county programs and services. Examples include direct engagement and coordination with Adult Protective Services, In-Home Supportive Services, In-Home Supportive Services – Public Authority, and the Veterans Service Office. In addition, AAA staff have engaged with the Sonoma County Economic Development Board to strengthen digital connection and equity, Sonoma County library system to support programming, partnered with the Department of Public Health to strengthen an integrated CalFresh Healthy Living Workplan, and coordinated with the Board of Supervisors Field Representatives to strengthen awareness and advocacy related to the unique needs of older adults, adults with disabilities and caregivers.
- Convening Federal, State and County Elected Office Representatives
Area Agency on Aging Staff cultivate relationships with field representatives and district directors in County, State and Federal legislative offices. Representatives contact AAA Staff when navigating issues with constituents. They attend Aging & Disability Commission meetings in April and November each year to respond to questions, listen to issues raised by AC members and public attendees as well as to report on budget, legislation and policy development related to older adults, adults with disabilities and their caregivers.
- California Senior Legislature
Sonoma County's Area Agency on Aging ensures the County has representation in the California Senior Legislature with a Senate and Assembly representative. These representatives provide reports to the Commission and invite feedback on legislative priorities.
- Needs Assessment – Surveys and Focus Groups
Every four years, as part of the Needs Assessment for the Area Plan, the AAA engages with the public of all ages to discuss how they see their future as they age. This is accomplished through Focus Groups and the distribution of paper and online Surveys. The results are analyzed to determine the greatest needs in Sonoma County for adults age 60+, people with disabilities age 18+ and their caregivers.

Annually, the Area Agency on Aging schedules focus groups aligned to priorities. Commission members serve as facilitators alongside staff. Focus groups are scheduled in partnership with community agencies such as service providers and senior centers.

- Aging & Disability Resource Hub (ADRH)
Sonoma County is a fully designated Aging and Disability Resource Connection. The ADRH continues to increase access to long term services and supports for Sonoma County residents by expanding its network of extended partners, developing and refining shared practices, and referral processes, and collaborating closely with Hub partners to identify service needs. Marketing and outreach efforts across multiple platforms are increasing awareness of the ADRH, driving more calls to the Aging and Disability Resource Unit.
- The Aging & Disability Resource Unit (ADRU)
The ADRU is a primary component of the Aging & Disability Resource Hub. The Unit has a dedicated supervisor supporting a full staff of Social Workers trained to briefly assess callers' needs, provide guidance on services that will meet their needs and connect clients to services via a direct referral or warm handoff wherever possible. When needed, Social Workers engage in a more extensive assessment of needs (Options Counseling) or expanded assistance in expediting access to services (Short-Term Service Coordination). Assistance from Social Workers is available via phone, email, chat and, as needed, home visits.
- Aging & Disability Education Series and Fact Sheets
The Area Agency on Aging Staff have launched an Aging & Disability Education Series. This is a virtual webinar that is recorded and posted for the community, residents, and providers alike, to learn more about services. The structure of the webinar includes a panel of funded providers and identified leaders on a given topic who are asked to share client experiences, successes and challenges and include a clear call-to-action.

In conjunction with the Education Series, AAA Staff develop a Fact Sheet that includes background on the topic, infographics as appropriate, affiliated associations and providers as well as a call-to-action. This tool can be used to support policy development, legislative advocacy, and inform policy development.

- AAA Best Practices Meetings for Service Providers
As needed, Area Agency on Aging staff schedule a Best Practices Series with contracted service providers and include community partners when appropriate to address funded programs experiencing challenges such as stagnated and/or reduced participation.

Staff completes research into local and national tools, resources, and studies, consults with the California Department of Aging and Administration on Community Living to identify resources and tools to help address the program challenge. Staff will schedule meetings and develop agendas. Service providers and community partners will participate with their client experiences, program success and challenges.
- Local Master Plan for Aging (MPA)

The local MPA is an initiative to create a Sonoma County plan to promote healthy aging throughout the lifespan. The local MPA will be aligned with the California Master Plan for Aging – the State’s blueprint to prepare for the demographic changes underway and continue its leadership in aging, disability and equity. Twenty-one community members representing sectors in housing, healthcare, wellness, caregiving and economic security make up a steering committee who will help inform and develop a local plan.

- Local Aging & Disability Action Plan (LADAP)

The Area Agency on Aging was awarded a LADAP grant from the California Department of Aging. In partnership with the City of Santa Rosa and City of Sonoma, the Human Services Department will develop a culturally inclusive LADAP based on current, emerging, and future aging and disability-related needs. The LADAP will be shaped by a LADAP Advisory Committee specifically focusing on the needs of the Black Indigenous People of Color (BIPOC) community.

- Public Meetings & Initiatives

AAA Staff and Aging & Disability Commission members serve on a variety of public boards or attend as members of the public to influence funding and policy and program development. Examples of meetings include: Sonoma County Transportation Authority, Elder Justice Coalition, Mental Health Oversight Board, Farmers Market LIFE Coalition.

SECTION 4. PLANNING PROCESS & ESTABLISHING PRIORITIES

Area Plan Goals and Objectives are aligned with the priorities outlined below and were established as a result of this planning process.

Factors Influencing Priority Setting

To establish priorities and ensure engagement from the public, public agencies, government entities and other organizations that serve targeted populations:

Sonoma County’s Area Agency on Aging staff consult the Aging & Disability Commission, the Needs Assessment results, Adult & Aging programs, Aging & Disability Resource Unit services, legislative offices, state and national associations and local leaders and advisory committees involved in services to older adults, adults with disabilities and their caregivers.

Planning Process

A Countywide Needs Assessment

The Countywide Needs Assessment consisted of Surveys and Focus Groups as detailed in Section Five of this Area Plan.

- Surveys

A total of 1,329 surveys were received from residents countywide. Area Agency on Aging staff developed the survey for distribution in both English and Spanish. The survey was distributed in print with a postage paid envelope and via an electronic survey link. The survey is included as an attachment to this Area Plan. All surveys returned by mail were entered into Survey Monkey to streamline analysis.

- Focus Groups
Area Agency on Aging staff scheduled 14 focus groups throughout the county with 133 participants. Focus groups were facilitated by Aging & Disability Commission members in partnership with staff. Notes were taken and transcribed for analysis.

Aging & Disability Commission (Formerly the AAA Advisory Council)

The Commission holds monthly public meetings in which public comment is welcomed and the countywide Needs Assessment findings are shared and open to discussion.

The Commission established an Ad Hoc Committee to review and inform priority setting and funding recommendations. The Ad Hoc Committee met from November 2023 through March 2024 and reviewed programs, proposals, staff methodology and recommendations. Ad Hoc Committee members contributed to the development of the March Public Hearing presentation.

Adult & Aging Division Programs

The AAA program is now integrated into the newly established Adult & Aging Community and Administrative Services Section to strengthen community engagement and cross-division collaboration. Monthly meetings are scheduled between AAA Staff and Adult & Aging program leads and section managers to explore challenges, collaborative opportunities and assess community priorities.

Adult & Aging Division programs include Adult Protective Services, Long Term Supportive Services including In Home Supportive Services, Multipurpose Senior Services Program, Home & Community Based Waiver Program, Veterans Services Office, In Home Supportive Services, Public Authority and the Public Guardian/Public Administrator/Public Conservator.

Aging & Disability Resource Unit

The Aging & Disability Resource Unit consists of 6 trained social workers who provide all 4 components of the Aging and Disability Resource Connection (called Aging and Disability Resource Hub) that include: Enhanced Information and Assistance, Options Counseling, Short Term Service Coordination and Transitions Services. This unit receives more than 8,500 calls each year through the 707-565-INFO (4636) call center and also serves as the main direct services component of the AAA's role as core partner in the Aging and Disability Resource Hub

Legislative Offices

AAA Staff share priorities established as a result of the Needs Assessment and invite feedback from state and federal legislative offices. The field representatives and district directors have engagement with constituents and their feedback can further influence the findings.

Priorities

Findings of the Needs Assessment include:

- "Having Enough Money to Live On" is an overarching concern found in each of the top findings listed below.

- Affordable Caregiving
- Access to Nutrition
- Affordable Health
- Affordable Housing
- Knowing About & Accessing Services
- Access to Transportation
- Engagement with Black Indigenous People of Color (BIPOC), LGBTQIA+, Limited English Proficiency (LEP)

To establish Funding Priorities for Older American Act (OAA) programs in each OAA Categorical Title (IIIB, IIIC, IIID, IIIE, VII), each program is given a numerical priority from 1 through 4 with 1 being highest priority. This ranking is used to make funding decisions as to the amount of OAA funding allocated to each program in initial contracts, annual renewals, and amendments as funding is increased or decreased.

Rankings for the 2024-2028 RFP Cycle

- Rank 1: Adult Day, Alzheimer’s Day, Caregiver Respite: In-Home, Caregiver Support: Support Groups, Case Management, Elder Abuse Prevention, Health Promotion: Evidence-Based, Home Delivered Meals, Information & Assistance, Legal Assistance, Ombudsman, Transportation
- Rank 2: Caregiver Support: Assessment, Community Education, Congregate Meals, Disaster Preparedness, Nutrition: Brown Bag, Telephone Reassurance
- Rank 3: Caregiver Support: Counseling, Caregiver Support: Training, Intergenerational Programs, Nutrition: To-Go Meals, Technology Support
- Rank 4: Chore, Senior Center Activities

Title IIIB Adequate Proportion

Adequate Proportions is the minimum percentages the AAA dedicates the Older Americans Act IIIB funding allocations for the service categories of *Access, In-Home, and Legal Services*. The AAA’s Planning Process for establishing Adequate Proportions follows the calculation as defined in CCR Title 22 Section 7312. Setting Adequate Proportions percentage calculations is described in detail in *Section 6: Public Hearings & Priority Services*.

SECTION 5. NEEDS ASSESSMENT & TARGETING

SECTION OVERVIEW: Needs Assessment and Targeting

Needs Assessment

The Needs Assessment is conducted every four years to inform understanding about the current and future needs of Sonoma County Priority Populations: older adults aged 60+, adults with disabilities aged 18+, and their caregivers. The Needs Assessment includes surveys, focus groups and stakeholder interviews.

Targeting

This section summarizes engagement with targeted populations, details barriers and unmet needs for each group and outlines programs the AAA engages to provide greater support and improve priority areas identified by the Needs Assessment.

Federal and state regulations further define target populations. Targeting refers to priority populations that the AAA program is to identify and serve. Sonoma County's AAA focuses on serving older adults, adults with disabilities, and their caregivers who have the greatest economic and social needs¹⁰ including those residing in rural areas.

Greatest Economic Need (WIC 9014¹¹, OAA 306) means the need resulting from an income level at or below the poverty threshold established by the Bureau of the Census.

Greatest Social Need (WIC 9015¹²) means the need caused by noneconomic factors that restrict an individual's ability to perform normal daily tasks or that threaten an individual's capacity to live independently. These factors include physical or mental disability, language barriers, and cultural or social isolation caused by, among other things, racial and ethnic status, sexual orientation, human immunodeficiency virus (HIV) status, gender identity, or gender expression.

NEEDS ASSESSMENT PROCESS: Surveys, Focus Groups and Stakeholder Interviews

Through the Needs Assessment process of surveys, focus groups, and stakeholder interviews, Sonoma County's AAA utilized outreach efforts to identify and engage individuals who have the greatest economic and social needs who are eligible for assistance under this Act with special emphasis on:

- Older Individuals with severe disabilities;
- Older Individuals with limited English Proficiency;
- Latino and Spanish-Only speaking older adults and adults with disabilities;
- Older Individuals with Alzheimer's disease and related disorders with neurological and organic brain dysfunction;
- Family caregivers who provide care for individuals with Alzheimer's disease and related disorders with neurological and organic brain dysfunction;
- Older individuals at risk for institutional placement, specifically including survivors of the Holocaust; and
- Older LGBTQIA+ and those with disabilities.

surveys were entered into the online survey system, Survey Monkey, for streamlined analysis on specified criteria such as response by city/town, income level, gender etc. English: 1,565 Spanish: 114

Increased outreach to Spanish speakers resulted in a response rate of 9%. This is an improvement over the 2020-2024 Needs Assessment results that showed a 3.3% response rate. The AAA acknowledges that outreach to Spanish speaking individuals is an important area of improvement.

Printed Surveys: Total Received: 350. English: 333 Spanish: 17 Printed Surveys included a postage paid return envelope for ease of return by the responder. The Survey also included a QR Code to take responders to the online Survey website and provided the written online Survey website address to type into a browser to reach the online survey as options for completing the Survey.

Online Surveys: Total Received: 1,329. English 1,232 Spanish: 97 Flyers with a QR Code and the online Survey website address were created in print and electronic forms. The online option was by far the preferred method of responding to the Survey.

Survey Outreach included:

- Multiple press releases were published by regional newspapers and newsletters in English and Spanish.
- Spanish radio advertisements were aired on Sonoma County's local Spanish language stations.
- Flyers for both printed surveys and online access were printed and distributed countywide through senior centers, non-profit service providers who serve older adults and people who have disabilities, Area Plan Needs Assessment Focus Groups, libraries, mobile home parks, senior living communities, In-Home Supportive Services (IHSS) intake and renewal packets, IHSS Public Authority caregiver classes, Adult & Aging Division lobby, Home-Delivered meals and Congregate Lunch programs.
- Links to the survey in English and Spanish were added to the Area Agency on Aging and County websites.
- Area Agency on Aging contracted service providers, legislative representative offices, senior centers, and Aging & Disability Commission members were encouraged to add the links to their personal and professional websites and social media.
- Online flyers were emailed to the Area Agency on Aging Public Contact List of 400+ contacts and included an online link to for people to respond using Survey Monkey and share with their communities.

FOCUS GROUPS – 14 Held, 133 Participants

Focus Groups were scheduled countywide with special attention to reach *Priority Populations* described above. Fourteen focus groups were held throughout Sonoma County, reaching 133 participants. Some Focus Groups listed below reached more than one Priority Population.

Priority Populations Reached	Locations(s)
Low Income Housing Communities	Santa Rosa PEP Housing, Burbank Housing in Windsor and Cotati, Windsor Mobile Home Country Club
Have limited English Speaking Ability (Spanish Speakers)	Sonoma Valley La Luz Center, Santa Rosa Roseland Library
Reside in Rural Areas/Geographically Isolated	Russian River Senior Community Center, Cloverdale Senior Center, Northern Coastal Sonoma County, Vintage House Senior Center, Cotati Burbank Housing Site, Windsor Mobile Home, Sonoma Valley La Luz Center
Reside in Urban Areas	Petaluma People Services Senior Café, PEP Housing Site in Santa Rosa, Santa Rosa Roseland Library
LGBTQIA+	Sebastopol Area Senior Center
Alzheimer's disease and caregivers	Virtual on Zoom
People w/Disabilities and caregivers	Virtual on Zoom

Sonoma County is prioritizing engagement with HIV positive community members and service providers for Fiscal Year 2024-2025.

Focus Group Themes & Unmet Needs

- Access to Services includes knowing about helpful services many don't know exist, need for "navigators" to provide hands-on assistance to access services including applications for housing, IHSS, Medicare, etc.
- Medical services are a big concern for people who live in remote, geographically isolated, rural areas such as Coastal Sonoma County, West County, and Cloverdale. Hospitals and/or Emergency Care can be a helicopter ride away (Coastal) or take 20 to 30+ minutes travel time (West County and Cloverdale). There is a lack of dentists, vision care, and mental health professionals in many areas.
- Caregivers concerns include lack of caregivers throughout Sonoma County, especially hard for people that live in remote, geographically isolated, rural areas where there are no caregivers and caregivers from other areas are not able to provide services in remote locations, need for caregivers who are trained on the special needs of individuals who have physical/developmental disabilities, need more Spanish speaking caregivers, can't afford 24-hour care, need more respite and support to keep caregivers healthy, many caregivers are aging.
- Aging in Place, includes worry about not being able to afford staying in their home, paying for caregiving, having transportation, need help with chores like

changing lightbulbs, things that need to be on ladders, and simple home modifications, isolation is a concern.

- Technology includes lack of broadband and internet access and paying for services, needing devices and training on how to use them, fear of scams.
- Education and training such as continuing education, vocational training, learning about services, more English classes for Spanish speakers.
- Mental Health services such as grief counseling, mental health support groups, services for depression, need for services in remote, geographically isolated, rural areas where services aren't available.
- Employment for older adults and people with disabilities. Many need to work to make ends meet, want the socialization and self-confidence of working, find it hard to be hired.
- Language barriers for Spanish speakers, need more English classes, more resources need to be in Spanish, difficult to communicate with property managers, concerns there aren't enough systems in place for Spanish speaking individuals, need more education and coordination of services for mono-lingual Spanish speakers.
- Access to Food includes knowing about food resources, need for more ready-to-eat food options that do not require preparation/cooking, can't afford food, need more places to buy food in remote, geographically isolated rural areas which often have higher food prices, more Farmer's Market coupons.
- Transportation Need for assisted transportation (door to door with bags, mobility devices). Limited or no bus and paratransit services in areas, more on demand services needed in in remote, geographically isolated, rural areas, need rides to doctor appointments, not having the ability to pay for transportation, gas, repairs, need transportation during evacuations. A desire for walkable communities.
- Housing in Sonoma County is unaffordable for many older adults, people with disabilities, and caregivers. There is a housing shortage especially for low-income people, definitions of low-income and affordable housing are not the same (affordable housing is more expensive), mobile homes are becoming unaffordable, prices are keeping professionals from moving to Sonoma County (doctors, dentists, teachers, first responders, caregivers), many people with disabilities are homeless, can't afford needed home modifications to remain in their homes.

STAKEHOLDER INTERVIEWS – 43 Conducted

The Local Master Plan for Aging consultant, Collaborative Consulting conducted 43 stakeholder interviews and provided transcriptions and analysis.

The stakeholder interviews addressed challenges, ideas on how to address challenges and additional considerations. The following are themes and associated stakeholder interview quotes as presented by Collaborative Consulting in their report, *Sonoma County Local MPA – Stakeholder Interview Synthesis – February 7, 2024*.

- Many older adults are struggling to keep up with the cost of living. “It only takes on catastrophic illness or sentinel event to completely liquidate any resources they have.”
- There is a need for culturally appropriate and sensitive services. “We often focus on the Spanish speakers as the priority. We also have Indigenous dialects for

people that are in these migrant roles, and a growing Asian Pacific Islander population and African American population. It's still a small percentage, so how we prioritize addressing unmet needs has been subpar. We're not disaggregating the data to the level that we need to because it would cost more to do that work. I think that's a huge challenge in this community."

- There are very few low-income or mixed-income housing options for older adults, leaving many either stuck in undesirable housing or at risk of homelessness. "Sonoma County historically, or at least over the last 50-years has been a good place to age. But it's changing, and a lot of it is connected to housing availability."
- The supply of transportation options for older adults needs to catch up with the demand, particularly for those in rural areas and those with complex needs. "Now they must transport their items on public transportation; how are they going to get on and off the bus? How are they going to get down from the bus and into their home with the food? Or if they have their transportation in a vehicle, how am I getting it from my car into my house if I have seven steps?"
- Resident healthcare experiences often include long wait times, a lack of person-centered care, and going outside the county for specialty services. "Where we've really lost it, is that most primary care is still judged by the number of people they see per day, so they don't make time for the complex people that really do need more time."
- There is a shortage of formal caregivers and a need for more support for family and friend caregivers. "Some might only need an hour of care a week, and some might need several hours a day. For so many older adults, having that kind of support is the gap between being able to maintain your housing stability and wellbeing, and going to an assisted living facility." and "It's those folks who don't think that they're caregivers, but they are. They're family support. They're burnt out and there's a plethora of resources available to them, they're just not able to access because they just don't know how."
- Community resources for older adult engagement are available but limited. "There are older adults that have better access to social cohesion based on their geographic location. There are others that are extremely isolated because of where they are. They're isolated from the social cohesion piece, but also from healthcare services, groceries, banking, pharmacies, and all the other things they need."
- Efforts to connect residents to aging services and programs are confusing, and residents often need help finding what they need. "It's hard to navigate multiple services when you're trying to get on board with multiple agencies and multiple services." and "The first gap starts with knowing where to access resources. There are multiple entry points into talking with someone about what's available, but people don't have the knowledge to even know where to start or when to start."

TARGETING, BARRIERS & PROGRAMS

Priority Populations served by the AAA are older adults aged 60+, adults with disabilities aged 18+, and their caregivers with special focus on serving individuals who have the Greatest Economic and Social Need¹³.

Each of the Priority Populations described in this section includes elements of Economic and Social Need; needs caused by noneconomic factors that restrict an individual's ability to perform normal daily tasks or that threaten their capacity to live independently. These factors include physical or mental disability, language barriers, and cultural or social isolation caused by, among other things, racial and ethnic status, sexual orientation, gender identity, or gender expression.

SECTION 6. PRIORITY SERVICES & PUBLIC HEARINGS

**2024-2028 Four-Year Planning Cycle
Funding for Access, In-Home Services, and Legal
Assistance**

The CCR, Article 3, Section 7312, requires the AAA to allocate an “adequate proportion” of federal funds to provide Access, In-Home Services, and Legal Assistance in the PSA. The annual minimum allocation is determined by the AAA through the planning process. The minimum percentages of applicable Title III B funds¹⁴ listed below have been identified for annual expenditure throughout the four-year planning period. These percentages are based on needs assessment findings, resources available within the PSA, and discussions at public hearings on the Area Plan.

Category of Service and the Percentage of Title III B Funds expended in/or to be expended in FY 2024-25 through FY 2027-2028

Transportation, Assisted Transportation, Case Management, Information and Assistance, Outreach, Comprehensive Assessment, Health, Mental Health, and Public Information

2024-25 5% 25-26 _____% 26-27 _____% 27-28 _____%

In-Home Services:

Personal Care, Homemaker, Chore, Adult Day / Health Care, Alzheimer’s Day Care Services, Residential Repairs/Modifications

2024-25 3% 25-26 _____% 26-27 _____% 27-28 _____%

Legal Assistance Required Activities:¹⁵

Legal Advice, Representation, Assistance to the Ombudsman Program and Involvement in the Private Bar

2024-25 3% 25-26 _____% 26-27 _____% 27-28 _____%

Explain how allocations are justified and how they are determined to be sufficient to meet the

¹⁴ Minimum percentages of applicable funds are calculated on the annual Title IIIB baseline allocation, minus Title IIIB administration and minus Ombudsman. At least one percent of the final Title IIIB calculation must be allocated for each “Priority Service” category or a waiver must be requested for the Priority Service category(s) that the AAA does not intend to fund.

¹⁵ Legal Assistance must include all the following activities: Legal Advice, Representation, Assistance to the Ombudsman Program and Involvement in the Private Bar.

need for the service within the PSA.

Allocations are justified and sufficient to meet the needs of services within PSA 27. Sonoma County does not rely only on Older Americans Act to fund necessary services. Due to increasingly complex funding comprised of Older Americans Act, CalFresh Healthy Living (SNAP), Older Californians Act – Modernization and a variety of grant funding, Sonoma County ensures funding of priority services within Access, In-Home Services and Legal Assistance. This minimum percentage meets the requirements and allows PSA 27 the flexibility to ensure services are met and providers can fully utilize all funding provided to them.

PUBLIC HEARING: At least one public hearing must be held each year of the four-year planning cycle. CCR Title 22, Article 3, Section 7302(a)(10) and Section 7308, Older Americans Act Reauthorization Act of 2020, Section 314(c)(1).

SECTION 7. AREA PLAN NARRATIVE GOALS & OBJECTIVES

Goals and Objectives are required per California Code of Regulations Title 22 Section

7300 (c) Goals are statements of ideal conditions that the AAA wishes to achieve through its planned efforts. Objectives are measurable statements of action to meet the goals. Objectives indicate all of the following: (1) The nature of the action. (2) The party responsible for the action. (3) How the action will be accomplished. (4) The anticipated outcome of that action. (5) How the outcome of the action will be measured. (6) The projected dates for starting and completing the action. (7) Any program development and coordination activities, as specified in Section 9400, Welfare and Institutions Code, that are associated with the objective.

The Sonoma County Area Agency on Aging is aligning its goals with the California Master Plan for Aging as well as goals identified through the Area Agency on Aging Needs Assessment, the Local Master Plan for Aging initiative, and the Local Aging & Disability Action Plan initiative.

The following goals and objectives account for direct and contracted services, education and outreach to strengthen the Area Agency on Aging's Mission to provide leadership, services, education and advocacy to promote the dignity, independence, and quality of life for older adults, adults with disabilities and their caregivers.

Goal # 1

Goal # 4

Goal: Caregiving That Works

Rationale: In Sonoma County family caregivers help their parents, spouses, and friends who need assistance with everyday tasks to live well in their homes and communities and many are caring for someone with Alzheimer’s Disease or dementia usually with little support or training. Women, particularly Black, Indigenous, Latino and Asian-American women are providing a disproportionately large share of this care – often while caring for children – and often resulting in

financial hardship and a decrease in lifelong Social Security earning which can continue the cycle of poverty and debt for low-income households. The emotional and physical stress of caregiving can also lead to poor health outcomes for the family caregiver.

Goal 4: Caregiving That Works Objective Numbers & Objectives (Specify Priority Service “PS” if applicable)	Projected Start and End Dates	Type of Activity/ Funding Source ³⁰	Update Status ³¹

the need for caregivers through digital outreach and no less than one annual convening of caregivers and caregiver support service providers.			

Goal # 5

Goal: Affording Aging

Rationale: Like many middle-income Californians, Sonoma County older adults and adults with disabilities are experiencing the stress of downward economic mobility as they age. Retirement income traditionally relied on a combination of three sources for stability: individual savings, employer-paid pensions and Social Security. More are now overly reliant on Social Security income alone and therefore more vulnerable to poverty. Nutritional needs require greater coordination to provide affordable and culturally appropriate foods through CalFresh, food banks, home-delivered meals, congregate meals, farmers markets and others. The need for countywide coordination is true of other services such as transportation, healthcare and housing (Refer to Goals 1 and 2).

TITLE IIIB and TITLE VII: LONG-TERM CARE (LTC) OMBUDSMAN PROGRAM OUTCOMES**2024-2028 Four-Year Planning Cycle**

As mandated by the Older Americans Act Reauthorization Act of 2020, the mission of the LTC Ombudsman Program is to seek resolution of problems and advocate for the rights of residents of LTC facilities with the goal of ensuring their dignity, quality of life, and quality of care.

Each year during the four-year cycle, analysts from the Office of the State Long-Term Care Ombudsman (OSLTCO) will forward baseline numbers to the AAA from the prior fiscal year National Ombudsman Reporting System (NORS) data as entered into the Statewide Ombudsman Program database by the local LTC Ombudsman Program and reported by the OSTLCO in the State Annual Report to the Administration on Aging (AoA).

The AAA will establish targets each year in consultation with the local LTC Ombudsman Program Coordinator. Use the yearly baseline data as the benchmark for determining yearly targets. Refer to your local LTC Ombudsman Program's last three years of AoA data for historical trends. Targets should be reasonable and attainable based on current program resources.

Complete all Measures and Targets for Outcomes 1-3.

Outcome 1.

The problems and concerns of long-term care residents are solved through complaint resolution and other services of the Ombudsman Program. Older Americans Act Reauthorization Act of 2020, Section 712(a)(3), (5)]

Measures and Targets:

A. Complaint Resolution Rate (NORS Element CD-08) (Complaint Disposition). The average California complaint resolution rate for FY 2021-2022 was 57%.

Fiscal Year Baseline Resolution Rate	# of partially resolved or fully resolved complaints	Divided by the total number of Complaints	= Baseline Resolution Rate	Fiscal Year Target Resolution Rate
2022-2023				_____ 80 % 2024-2025
2023-2024				_____ % 2025-2026
2024-2025				_____ % 2026-2027
2026-2027				_____ % 2027-2028

Program Goals and Objective Numbers:

B. Work with Resident Councils (NORS Elements S-64 and S-65)

1. FY 2022-2023 Baseline: Number of Resident Council meetings attended _____ FY 2024-2025 Target: <u>94</u>

G. Systems Advocacy (NORS Elements S-07, S-07.1)

One or more new systems advocacy efforts must be provided for each fiscal year Area Plan Update. In the relevant box below for the current Area Plan year, in narrative format, please provide at least one new priority systems advocacy effort the local LTC Ombudsman Program will engage in during the fiscal year. The systems advocacy effort may be a multi-year initiative, but for each year, describe the results of the efforts made during the previous year and what specific new steps the local LTC Ombudsman program will be taking during the upcoming year. Progress and goals must be separately entered each year of the four-year cycle in the appropriate box below.

Systems Advocacy can include efforts to improve conditions in one LTC facility or can be county-wide, state-wide, or even national in scope. (Examples: Work with LTC facilities to improve pain relief or increase access to oral health care, work with law enforcement entities to improve response and investigation of abuse complaints, collaboration with other agencies to improve LTC residents' quality of care and quality of life, participation in disaster preparedness planning, participation in legislative advocacy efforts related to LTC issues, etc.) Be specific about the actions planned by the local LTC Ombudsman Program. Enter information in the relevant box below.

Outcome 2.

Residents have regular access to an Ombudsman. [(Older Americans Act Reauthorization Act of 2020), Section 712(a)(3)(D), (5)(B)(ii)]

Measures and Targets:

A. Routine Access: Nursing Facilities (NORS Element S-58) Percentage of

nursing facilities within the PSA that were visited by an Ombudsman representative at least once each quarter not in response to a complaint. The percentage is determined by dividing the number of nursing facilities in the PSA that were visited at least once each quarter not in response to a complaint by the total number of nursing facilities in the PSA. NOTE: This is not a count of visits but a count of facilities. In determining the number of facilities visited for this measure, no nursing facility can be counted more than once.

<p>1. FY 2022-2023 Baseline: Number of Nursing Facilities visited at least once a quarter not in response to a complaint_____ divided by the total number of Nursing Facilities _____ = Baseline _____%</p> <p>FY 2024-2025 Target: <u>100%</u></p>

<p>Program Goals and Objective Numbers: _____</p>

B. Routine access: Residential Care Communities (NORS Element S-61) Percentage of RCFEs within the PSA that were visited by an Ombudsman representative at least once each quarter during the fiscal year not in response to a complaint. The percentage is determined by dividing the number of RCFEs in the PSA that were visited at least once each quarter not in response to a complaint by the total number of RCFEs in the PSA. NOTE: This is not a count of visits but a count of facilities. In determining the number of facilities visited for this measure, no RCFE can be counted more than once.

Program Goals and Objective Numbers: _____

C. Number of Full-Time Equivalent (FTE) Staff (NORS Element S-23) This number may only include staff time legitimately charged to the LTC Ombudsman Program. Time spent working for or in other programs may not be included in this number. For example, in a local LTC Ombudsman Program that considers full-time employment to be 40 hour per week, the FTE for a staff member who works in the Ombudsman Program 20 hours a week should be 0.5, even if the staff member works an additional 20 hours in another program.

Outcome 3.

Ombudsman representatives accurately and consistently report data about their complaints and other program activities in a timely manner. [Older Americans Act Reauthorization Act of 2020, Section 712(c)]

Measures and Targets:

In narrative format, describe one or more specific efforts your program will undertake in the upcoming year to increase the accuracy, consistency, and timeliness of your National Ombudsman Reporting System (NORS) data reporting.

Some examples could include:

- Hiring additional staff to enter data.
- Updating computer equipment to make data entry easier.
- Initiating a case review process to ensure case entry is completed in a timely manner.

Fiscal Year 2024-25

SAS Data has been identified as one of the most accurate in the state. Our existing model which is a review of data by Program Supervisor is demonstrated as effective. Therefore, we will continue to maintain our current review system and endeavor to maintain our current standards.

SERVICE UNIT PLAN

The program conducting the Title VII Elder Abuse Prevention work is:

<input checked="" type="checkbox"/>	Ombudsman Program
<input type="checkbox"/>	Legal Services Provider
<input type="checkbox"/>	Adult Protective Services
<input type="checkbox"/>	Other (explain/list)

Units of Service: AAA must complete at least one category from the Units of Service below.

Units of Service categories include public education sessions, training sessions for professionals, training sessions for caregivers served by a Title III E Family Caregiver Support Program, educational materials distributed, and hours of activity spent developing a coordinated system which addresses elder abuse prevention, investigation, and prosecution.

When developing targets for each fiscal year, refer to data reported on the Elder Abuse Prevention Quarterly Activity Reports. Set realistic goals based upon the prior year's numbers and the resources available. Activities reported for the Title VII Elder Abuse Prevention Program must be distinct from activities reported for the LTC Ombudsman Program. No activity can be reported for both programs.

AAAs must provide one or more of the service categories below.

NOTE: The number of sessions refers to the number of presentations and not the number of attendees

- **Public Education Sessions** –Indicate the total number of projected education sessions for the general public on the identification, prevention, and treatment of elder abuse, neglect, and exploitation.
- **Training Sessions for Professionals** –Indicate the total number of projected training sessions for professionals (service providers, nurses, social workers) on the identification, prevention, and treatment of elder abuse, neglect, and exploitation.
- **Training Sessions for Caregivers Served by Title III E** –Indicate the total number of projected training sessions for unpaid family caregivers who are receiving services under Title III E of the Older Americans Act (OAA) on the identification, prevention, and treatment of elder abuse, neglect, and exploitation. Older Americans Act Reauthorization Act of 2020, Section 302(3) 'Family caregiver' means an adult family member, or another individual, who is an informal provider of in-home and community care to an older individual or to an individual with Alzheimer's disease or a related disorder with neurological and organic brain

dysfunction.

- **Hours Spent Developing a Coordinated System to Respond to Elder Abuse** –Indicate the number of hours to be spent developing a coordinated system to respond to elder abuse. This category includes time spent coordinating services provided by the AAA or its contracted service provider with services provided by Adult Protective Services, local law enforcement agencies, legal services providers, and other agencies involved in the protection of elder and dependent adults from abuse, neglect, and exploitation.
- **Educational Materials Distributed** –Indicate the type and number of educational materials to be distributed to the general public, professionals, and caregivers (this may include materials that have been developed by others) to help in the identification, prevention, and treatment of elder abuse, neglect, and exploitation.
- **Number of Individuals Served** –Indicate the total number of individuals expected to be reached by any of the above activities of this program.

Direct and/or Contracted III E Services- Older Relative Caregivers

Older Relative Caregivers are defined as age 55+ and who lives with, is the informal provider of in-home and community care to, and is the primary caregiver for, a child or an individual with a disability. In the case of a caregiver for an individual with a disability, the Older Relative Caregiver is the parent, grandparent or other relative by blood, marriage, or adoption of the individual with a disability.

County of Sonoma is not funding the Older Relative Caregivers portion of sixteen Categories. The Older Americans Act revenue cannot support additional program funding. The Alzheimer’s Association and Northern California Opportunities – Redwood Caregiver Resource Center caregiving programs have alternative funding streams to provide additional programming to residents in Sonoma County in need of support.

**HEALTH INSURANCE COUNSELING AND ADVOCACY PROGRAM (HICAP)
SERVICE UNIT PLAN
CCR Article 3, Section 7300(d)
WIC § 9535(b)**

MULTIPLE PLANNING AND SERVICE AREA HICAPs (multi-PSA HICAP): Area Agencies on Aging (AAA) that are represented by a multi-PSA, HICAPs must coordinate with their “Managing” AAA to complete their respective PSA’s HICAP Service Unit Plan.

CDA contracts with 26 AAAs to locally manage and provide HICAP services in all 58 counties. Four AAAs are contracted to provide HICAP services in multiple Planning and Service Areas (PSAs). The “Managing” AAA is responsible for providing HICAP services in a way that is equitable among the covered service areas.

HICAP PAID LEGAL SERVICES: Complete this section if HICAP Legal Services are included in the approved HICAP budget.

STATE & FEDERAL PERFORMANCE TARGETS: The HICAP is assessed based on State and Federal Performance Measures. AAAs should set targets in the service unit plan that meet or improve on each PM displayed on the *HICAP State and Federal Performance Measures* tool located online at:

https://www.aging.ca.gov/Providers_and_Partners/Area_Agencies_on_Aging/Planning/

HICAP PMs are calculated from county-level data for all 33 PSAs. HICAP State and Federal PMs, include:

- PM 1.1 Clients Counseled: Number of finalized Intakes for clients/ beneficiaries that received HICAP services
- PM 1.2 Public and Media Events (PAM): Number of completed PAM forms categorized as “interactive” events
- PM 2.1 Client Contacts: Percentage of one-on-one interactions with any Medicare beneficiaries
- PM 2.2 PAM Outreach Contacts: Percentage of persons reached through events categorized as “interactive”
- PM 2.3 Medicare Beneficiaries Under 65: Percentage of one-on-one interactions with Medicare beneficiaries under the age of 65
- PM 2.4 Hard-to-Reach Contacts: Percentage of one-on-one interactions with “hard-to-reach” Medicare beneficiaries designated as,
 - PM 2.4a Low-income (LIS)
 - PM 2.4b Rural
 - PM 2.4c English Second Language (ESL)
- PM 2.5 Enrollment Contacts: Percentage of contacts with one or more qualifying enrollment topics discussed

HICAP service-level data are reported in CDA’s Statewide HICAP Automated Reporting Program (SHARP) system per reporting requirements.

Notice of Intent for Non-Provision of FCSP Multifaceted Systems of Support Services Older Americans Act Reauthorization Act of 2020, Section 373(a) and (b) 2024-2028 Four-Year Planning Cycle

Based on the AAA's needs assessment and subsequent review of current support needs and services for **family caregivers**, indicate what services the AAA **intends** to provide

using Title III E and/or matching FCSP funds for both.

Check YES or NO for each of the services* identified below and indicate if the service will be provided directly or contracted. **If the AAA will not provide at least one service subcategory for each of the five main categories, a justification for services not provided is required in the space below.**

Justification: If any of the five main categories are **NOT** being provided please explain how the need is already being met in the PSA. If the justification information is the same, multiple service categories can be grouped in the justification statement. The justification must include the following: 1. **Provider name and address.** 2. **Description of the service(s) they provide (services should match those in the CDA Service Category and Data Dictionary** 3. **Where is the service provided (entire PSA, certain counties)?** 4. **How does the AAA ensure that the service continues to be provided in the PSA without the use of Title III E funds** **Note:** The AAA is responsible for ensuring that the information listed for these organizations is up to date. Please include any updates in the Area Plan Update process.

The County of Sonoma will not be funding the following Service Categories via Title III E, but does provide direct service support through Linkages case management and the Information & Assistance program funded in other ways.

- Caregiver Access
- Caregiver Information & Assistance

The funding provided through Title III E is a fraction of the countywide need. The County of Sonoma is fortunate to have two service providers that leverage Older Americans Act funding alongside other grant funding to serve residents throughout the county. In addition, the County's Aging & Disability Resource Unit provides Information & Assistance support to caregivers through referrals and supportive follow up as well as through the Case

Management services provided through Linkages. Whether an individual is a family caregiver or an older relative caregiver, they have access to services through the following providers:

The two caregiver services providers are in the process of becoming Extended Partners of the Sonoma County Aging & Disability Resource Hub to strengthen and facilitate coordination and collaboration to best meet the needs of caregivers in Sonoma County.

Prompts	Alzheimer’s Association	North Coast Opportunities – Redwood Caregiver Resource Center
Provider Address	1450 Neotomas Avenue #140 Santa Rosa, CA 95405	1140 Sonoma Avenue #1b Santa Rosa, CA 95405
Description of Services	These agencies offer Caregiver Access, Caregiver Information, Caregiver Support, Caregiver Respite, and Caregiver Supplemental Services through braided funding solutions. When their agency is unable to provide support, clients are referred to the Aging & Disability Resource Hub partner agencies and/or the Information & Assistance line.	
Sustainability of Caregiving Services	These agencies are listed in the Information and Assistance Resource File. The AAA updates the Information & Assistance resource file annually. During this process, the AAA calls the agency to confirm information is accurate.	

SECTION 11. LEGAL ASSISTANCE

2024-2028 Four-Year Area Planning Cycle

This section must be completed and submitted annually. The Older Americans Act Reauthorization Act of 2020 designates legal assistance as a priority service under Title III B [42 USC §3026(a)(2)]⁴⁴¹². CDA developed *California Statewide Guidelines for Legal Assistance* (Guidelines), which are to be used as best practices by CDA, AAAs and LSPs in the contracting and monitoring processes for legal services, and located at:

https://aging.ca.gov/Providers_and_Partners/Legal_Services/#pp-gg

1. Based on your local needs assessment, what percentage of Title IIIB funding is allocated to Legal Services? **Discuss:**

Response: 3% reported as minimum Adequate Proportion.

2. How have your local needs changed in the past year(s)? Please identify any changes (include whether the change affected the level of funding and the difference in funding levels in the past four years). **Discuss:**

Response: Changes include an increase in older adults facing evictions, mobile home parks rent increase/closing, need for securing benefits, partnership with Adult Protective Services, setting temporary restraining orders, consumer issues, other housing issues and financial

abuse.

Emerging from the COVID pandemic, the provider of Legal Assistance continues to have challenges recruiting volunteers to work in person on site. Of the volunteers who worked in the program July 1, 2023, through December 31, 2023, one of the volunteers split time between two programs. The other stopped volunteering in early August due to school commitments. This created challenges as the remaining staff had to adjust procedures and caseloads during each of these staff transitions. There is a vacancy in the Supervising Attorney position. Staffing issues arise in part from the high cost of living and difficulty paying a competitive market attorney salary. Turnover creates challenges to maintain services in a timely and efficient manner. Staffing issues continue to create longer wait times and caseloads.

Funding for Legal Services has incrementally increased over the past 4 fiscal years to support the increased need for the services outlined above.

3. How does the AAA's contract/agreement with the Legal Services Provider(s) (LSPs) specify and ensure that the LSPs are expected to use the California Statewide Guidelines in the provision of OAA legal services? Discuss:

Response: The Request for Proposal and the contract scope of work includes the requirement that the service provider is to comply with and include processes for provision of legal services in their proposals based on the California Statewide Guidelines.

4. How does the AAA collaborate with the Legal Services Provider(s) to jointly establish specific priority issues for legal services? What are the top four (4) priority legal issues in your PSA? Discuss:

Response: The AAA jointly reviews priorities with Legal Aid but does not set them. Legal Aid of Sonoma County has seen an increase in the need for court representation, which is very labor intensive/time consuming and may result in the provision of less services in other areas.

The top four (4) priority legal issues are:

1. Elder Abuse: Financial, Neglect, Exploitation
2. Housing Security: Evictions, Landlord/Tenant Disputes
3. Estate Planning, Wills and Trusts
4. Temporary Restraining Orders

5. How does the AAA collaborate with the Legal Services Provider(s) to jointly identify the target population? What is the targeted senior population and mechanism for reaching targeted groups in your PSA? Discuss:

Response: Legal Aid of Sonoma County collaborates with the AAA and other service providers to provide information to case managers, home-delivered meals recipients, and Ombudsman program volunteers to target older adults and adults with disabilities with the greatest social and economic need.

Legal clinics are held monthly at locations throughout the county. The AAA contract with Legal Aid states that they must prioritize serving older adults 60 years of age or older who are identified as meeting one of more of the following:

- Low-income
- Minority
- Limited English proficient
- Socially isolated
- Residing in rural areas
- Have the greatest economic and social need
- Are at risk for institutional placement

6. How many legal assistance service providers are in your PSA? Complete table below.

Fiscal Year	Number of Legal Assistance Services Providers	Did the number of service providers change? Explain, if so.
2024-2025	1. Legal Aid of Sonoma County (AAA Contractor) 2. CRLA: California Rural Legal Assistance 3. DSLC: Disability Services & Legal Center 4. Empire College: School of Law Clinics	No
2025-2026		
2026-2027		
2027-2028		

7. What methods of outreach are Legal Services Providers using? Discuss:

Response: There are a variety of methods used to outreach to gain a wide audience:

- Legal services are listed in the Aging & Disability Resource Directory (English and Spanish) available in a searchable on-line format;
- Presentations are held at mobile home parks, senior centers, and residential care facilities;
- Advertisements on the radio and other media in English and Spanish;
- Specific Spanish-speaking outreach in coordination with La Luz (local Latino community- based organization);
- Creation and distribution of information hand-outs;
- Inclusion of regular articles in the various senior centers and community-based service provider newsletters, such as “Sonoma Seniors Today” a newsletter provided by Council on Aging, Sonoma County’s largest senior service provider with distribution to 10,000 people; and
- Collaboration with the AAA to assist with outreach of speaking engagement opportunities with AAA sharing information about events with AAA contacts, a list of 300+.

8. What geographic regions are covered by each provider? Complete table below:

Fiscal Year	Name of Provider	Geographic Region
2024 – 2025	Legal Aid of Sonoma County	Countywide

2025 – 2026	Legal Aid of Sonoma County	Countywide
2026 – 2027	Legal Aid of Sonoma County	Countywide
2027 – 2028	Legal Aid of Sonoma County	Countywide

9. Discuss how older adults access Legal Services in your PSA and whether they can receive assistance remotely (e.g., virtual legal clinics, phone, U.S. Mail, etc.).

Discuss:

Response: Access is provided through telephone contacts, web access or by referral from a care provider, neighbor, or family member as well as mobile countywide neighborhood-based legal clinics provided by Legal Aid of Sonoma County.

An elder law hotline provides information and referral remotely. In addition, this line is used to screen clients for eligibility and to set up appointments for clients who live outside Santa Rosa. Clients are offered in person appointments with a mobile elder law attorney at designated community outreach sites in Sebastopol, Rohnert Park, Cloverdale, or Sonoma. Homebound clients are interviewed at their residences in-person whenever possible or via zoom/remote appointments. Clients may also drop into our Santa Rosa office during business hours to be screened and interviewed.

10. Identify the major types of legal issues that are handled by the Title IIIB legal provider(s) in your PSA (please include new legal problem trends in your area).

Discuss:

Response: The most sought services are assistance with restraining orders, simple estate planning including Transfer on Death Deeds and Mobile Home Beneficiary Designation, and eviction matters. Common areas requested but not currently offered are personal injury litigation, real estate litigation and revocable family trusts.

Other ongoing trends include financial abuse of older adults, bankruptcy/debt collection, landlord/tenant disagreements, temporary restraining orders, conservatorship, estate planning such as wills and trusts, housing security, and foreclosures.

11. What are the barriers to accessing legal assistance in your PSA? Include proposed strategies for overcoming such barriers. Discuss:

Response: Barriers include cost, awareness, and available pro-bono attorney hours. Legal Aid has implemented the following strategies to address the barriers:

- Continued to redesign the approach to reach low-income older adults. Additional staffing has allowed for this process to be implemented;
- Partnership with the Sonoma County Human Services Department and the Sonoma County Family Justice Center has resulted in conducting coordinated outreach to create awareness of elder abuse prevention and identity theft issues; and
- Implemented making house calls for homebound clients.

12. What other organizations or groups does your legal service provider coordinate services with? Discuss:

Response: Legal Aid coordinates with Adult Protective Services, Senior Advocacy Services (Ombudsman program), the Family Justice Center, the Sonoma County Elder Protection Workgroup, the District Attorney’s Office, local senior services providers,

California Rural Legal Assistance, Sonoma County Bar Association, Disability Services and Legal Center, and countywide medical providers and health clinics.

SECTION 12. DISASTER PREPAREDNESS

Disaster Preparation Planning Conducted for the 2024-2028 Planning Cycle Older Americans Act Reauthorization Act of 2020, Section 306(a)(17); 310, CCR Title 22, Sections 7529 (a)(4) and 7547, W&I Code Division 8.5, Sections 9625 and 9716, CDA Standard Agreement, Exhibit E, Article 1, 22-25, Program Memo 10-29(P)

1. Describe how the AAA coordinates its disaster preparedness plans, policies, and procedures for emergency preparedness and response as required in OAA, Title III, Section 310 with:

- local emergency response agencies,
- relief organizations,
- state and local governments, and
- other organizations responsible

Answer: As a county operated Area Agency on Aging representing a region of the state that has experienced multiple major disasters (fire, flood, Public Safety Power Shutoffs), PSA 27 is experienced in disaster response and in communication with local emergency response agencies, relief organizations, state and local government representatives, funded service providers and other community organizations.

The County government functions as a local government body to serve the needs of its residents. As geographical and political subdivisions of the state, counties serve a dual role: providing municipal services in the unincorporated areas and acting as administrative agents for state and federal government programs and services.

The Continuity of Operations Plan (COOP) for the Human Services Department Adult & Aging Division (of which the Area Agency on Aging is a part) is a fundamental responsibility to facilitate the performance of essential functions during an emergency that disrupts normal operations and/or the timely resumption of normal operations once the emergency has ended.

During an emergency, a designated AAA staff member(s) coordinates with funded service providers to ensure clients are receiving services and to facilitate resolution of challenges through the channels listed above. AAA staff serve on the County COAD (Community Organizations Active in Disasters) and provide resources and information to other organizations serving older adults affected by disasters. The In-Home Supportive Services - Public Authority Managers serves on the Department of Emergency Services (DEM) Access and Functional Needs (AFN) Committee and as its Liaison to the Emergency Operations Center ensuring needs are addressed and disaster preparation issues are considered for the AFN community. Daily reports are provided to the California Department of Aging as requested.

The AAA program is part of the Sonoma County Human Service Department and the Countywide Disaster Preparedness Response Plan. As such, AAA staff are designated

[county disaster service workers](#) and can be assigned to shelters and/or the Emergency Operations Center. The AAA coordinates its efforts as directed by the [Department of Emergency Management \(DEM\)](#), the [County of Sonoma Emergency Operations Center \(EOC\)](#) and the Human Services Department Emergency Action Plan (EAP).

The Countywide Preparedness Response Plan stipulates that the Human Services Department oversees the *Care and Shelter Emergency Services* in coordination with the American Red Cross. This includes staffing shelters as well as assessing shelter resident's Access and Functional Needs by social work and public health nursing staff.

The Sonoma County AAA plans to contract with a provider in FY2024-2025 to provide emergency preparedness and planning workshops countywide. Workshop materials include the LISTOS Disaster Ready Guides and Evac Packs from the Sonoma County Department of Emergency Management. Participants are provided homework to complete emergency contact and emergency plan worksheets, medications and to-go bag planning.

2. Identify each of the local Office of Emergency Services (OES) contact person(s) within the PSA that the AAA will coordinate with in the event of a disaster (add additional information as needed for each OES within the PSA):

Name	Title	Telephone	Email
Jeff DuVall	Director of the Department of Emergency Management (DEM)	707-565-6160	Jeff.DuVall@Sonoma-County.org
Staffed by DEM employee 24-hours per day 365 days per year	DEM 24-Hour Duty Officer	707-565-3419	SoCoOA@Sonoma-County.org
Eric Glentzer	County of Sonoma Access and Functional Needs Coordinator	Office: 707-565-5952 Cell: 707-687-8751	eglentze@schsd.org

3. Identify the Disaster Response Coordinator within the AAA:

Name	Title	Telephone	Email
Sara Avery	Community Services Program Manager	Work:707-565-6722 Cell: 707-494-6675	savery@schsd.org

4. List critical services the AAA will continue to provide to the participants after a

disaster and describe how these services will be delivered (i.e., Wellness Checks, Information, Nutrition programs):

Critical Services	Method of Delivery
A Nutrition Services - Home Delivered Meals	A Provider Contracts. Providers make wellness check phone calls and continue delivering meals unless the specific service area is affected by the event.
B Information & Assistance - ADRH (Aging and Disability Resource Hub) - 2-1-1	B The ADRH phone line: 707-565-INFO (4636) is a no wrong door for access to information and services for older adults and adults with disabilities. This service can be conducted remotely should access to the office be limited. 2-1-1 provides 24/7 countywide Information & Assistance on local services and resources.
C County Website	C The County Public Information Office (PIO) updates the emergency website with services and guidance. The pandemic demonstrated the need to provide guidance for older adults and adults with disabilities. The AAA staff coordinates information that can be shared through the Aging & Disability Resource Unit.
D Wellness Checks	D Case Management and Adult Day program recipients receive wellness calls to ensure clients are receiving the necessary care and support. Challenges are communicated to AAA staff.

5. List critical services the AAA will provide to its operations after a disaster and describe how these services will be delivered (i.e., Cyber Attack, Fire at your building, Evacuation of site, Employee needs)

Answer: The Sonoma County AAA provides direct services to two Older Americans Act programs; 1) Information & Assistance and 2) Case Management

Critical Services	Method of Delivery
A Information & Assistance	A If our building was compromised, we would relocate staff to another Human Services Division location not affected by the event.
B Case Management	B Same as above

6. List critical resources the AAA needs to continue operations.

Answer: An Area Agency on Aging staff member (Community & Administrative Services Section) is assigned as the key COOP Planning Personnel to ensure continuity planning facilitates the performance of essential functions during an emergency that disrupts normal operations and/or the timely resumption of normal operations once an emergency has ended.

Essential functions identified as related to the Area Agency on Aging program are as follow:

Area Agency on Aging (AAA.) Disaster Response to the California Department of Aging	Immediately or within 36 hours - Respond to request for information from the California Department of Aging on how services are affected and provided during the disaster.
AAA Service Provider Contract Invoice Payments	2 weeks from date of receipt of invoice by contractor.
Linkages. Contact clients, ensure safety and provide needed information and assistance	3 days
Information and Assistance: provide needed information and assistance	1 day

Identification of employees to perform essential functions:

AAA Disaster Response to the California Department of Aging (CDA)	AAA Program Manager: Sara Avery	1 person/day	Need access to phone, network (H: drive), and Outlook
Area Agency on Aging Service Provider Contract Invoice Payments	AAA Program Manager: Sara Avery	1 person/day	Need access to phone, network (H: drive), and Outlook
	AAA Accountant: Megan Mitchell	1 person	Accountant's needs captured in HSD Office of the Director (Fiscal) plan
Information and Assistance: provide needed information and assistance	Adult & Aging Social Worker	2 A&A SWs	Need access to SAMS, H Drive, ACD line (via Jabber if not at HSD location), cell phone, ear bud, or headsets with mics
Linkages: Contact clients, ensure safety, and provide needed information and assistance	Linkages Adult & Aging Social Worker	2 A&A SWs	Need access to SAMS, cell phone, ear bud, or headsets with mics

- Staff Resources: check-in with contracted service providers, complete check-in calls to clients/members of the community and other duties as directed by the

Emergency Operations Center and/or Human Services Department Adult & Aging Division Director.

- Support and Resource Requirements
 - Laptop, Cell Phone
 - First Aid, AED, Disaster Supplies which depend upon the declared emergency. Personal Protective Equipment (PPE) such as Masks: N95, surgical, hand sanitizer and wipes, nitrile gloves and flashlights/lanterns.

7. List any agencies or private/non-government organizations with which the AAA has formal or nonformal emergency preparation or response agreements. (Contractual or MOU)

Answer:

1. California Department of Aging to provide daily reports regarding emergency status, unresolved challenges etc.
2. American Red Cross – Shelter Management (a Sonoma County contract)
3. AAA contracted service providers coordinate to ensure food distribution, check-ins, and transportation to essential services such as medical, groceries, emergency shelter, and prescription pick-ups.

8. Describe how the AAA will:

- Identify vulnerable populations:

Answer: Program and contracted service provider agencies have specific emergency protocols including maintaining a list of program participants by level of need.

The AAA asks each contracted service provider agency to check in on their most vulnerable populations during disasters (fires, floods, viruses) and Public Safety Power Shutdowns (PSPS) and report updates to the AAA to report to the California Department of Aging. The Aging & Disability Resource Hub (ADRH) Information & Assistance line provides assistance and referrals to AAA providers for individuals needing disaster assistance.

- Identify possible needs of the participants before a disaster event (PSPS, Flood, Earthquake, etc.):

Answer: At the point of the client's program intake and at periodic case review, older adults and adults with disabilities are assessed to identify the level of disaster preparedness required depending on their needs. Participant profiles indicate a variety of variables that assist in determining the degree of contact required (i.e. critical, urgent, moderate) including living arrangement and special impairments or risk factors such as access to transportation, electricity for medical devices, food etc.).

- Follow up with vulnerable populations after a disaster event:

Answer: Contracted service providers and county social workers provide follow up by phone to participants who live in the affected areas of the disaster. The follow-up includes checking on the clients' safety, access to essential needs such as food, water, medicine, medical equipment, electricity, heat, transportation, caregiver supports etc., and providing referrals as necessary.

The AAA works with the County Office of Emergency Services to staff Disaster Recovery Centers that provide essential services and referrals to victims of disasters. AAA staff serve on the County COAD (Community Organizations Active in Disasters) and provide resources and information to other organizations serving older adults affected by disasters.

The Access and Functional Needs (AFN) Committee reviews issues that arose during the evacuation to address any unmet resource needs of the AFN population.

9. How is disaster preparedness training provided?

- AAA to participants and caregivers

Answer: Sonoma County's In-Home Supportive Services Public Authority offers Emergency and Disaster Preparedness training to IHSS Providers through the Career Pathway program. This is voluntary training, but providers are paid their hourly pay rate when they take these trainings. Currently there are six different classes being offered that deal with Emergency and Disaster Preparedness.

The Sonoma County AAA does not provide direct disaster preparedness training to caregivers. The contracted caregiver service providers are required to have a disaster plan and provision for disaster preparedness training for participants at their locations. Service providers include disaster planning as part of an intake discussion, but they are not contracted to provide formal training.

The Sonoma County AAA plans to contract with a provider in FY2024-2025 to provide emergency preparedness and planning workshops countywide. Workshop materials include the LISTOS Disaster Ready Guides and Evac Packs from the Sonoma County Department of Emergency Management. Participants are provided homework to complete emergency contact and emergency plan worksheets, medications and to-go bag planning.

The AAA provides Case Management as a direct service. As part of the creation of the Care Plan, disaster preparedness is discussed and resulting plans are included.

- To staff and subcontractors

Answer:

Staff: The Sonoma County Human Services Department (HSD) has an HSD Health & Safety Manager who works with each Division's Safety Coordinator to create Disaster Preparedness Plans for the specific needs of their division. The Division Safety Coordinator provides training at each bi-monthly Leadership meeting for specific disaster events (fires, floods, PSPS, heat, cold, etc.).

Subcontractors: As mentioned in Bullet #1, AAA does not provide disaster preparedness training to contracted service providers. The AAA does require as part of the contract for services that service providers have a disaster preparedness plan in place.

Case Management:

The Linkages Case Management program is offered by the Sonoma County Human Services Adult & Aging Division. The program provides enhanced case management to people aged 60 and older countywide. The Area Agency on Aging contracts with two other Case Management service providers in regional locations, further ensuring the availability of case management services throughout Sonoma County.

Information & Assistance:

The Aging & Disability Resource Unit consists of 6 trained social workers who provide all 4 components of the Aging and Disability Resource Connection (called Aging and Disability Resource Hub) that include: Enhanced Information and Assistance, Options Counseling, Short Term Service Coordination and Transitions Services. This unit receives more than 8,500 calls

Request for Approval Justification:

The request for approval for Direct Services is to use IIIB funding to support the Sonoma County Adult & Aging Information & Assistance program held within the newly established Aging & Disability Resource Unit.

The Human Services Adult & Aging Division began providing Information & Assistance (I&A) in fiscal year 2016-17 and has continued to do so as an Aging & Disability Resource Hub (ADRH) since fiscal year 2019-20 with funding support from IIIB as the single provider of specialized Aging & Disability I&A in Sonoma County.

To increase I&A options, in fiscal year 2018-19 the AAA asked the contracted Case Management service providers to include Information & Assistance to their AAA contracts. At the time of renewal, all three case management service providers requested to end their I&A contracts due to the level of tasks associated with providing I&A and not having enough funding to support the program.

⁴⁶ Section 14 does not apply to Title V (SCSEP)

Due to not having service provider interest to provide Information & Assistance as well as the Adult & Aging Division becoming an Aging & Disability Resource Hub (ADRC) in fiscal year 2019-20, it remains important to continue to provide funding to support the single provider of Aging & Disability Information & Assistance in Sonoma County.

Yes No

- Representative with Low Income
- Representative with a Disability
- Supportive Services Provider
- Health Care Provider
- Local Elected Officials
- Persons with Leadership Experience in Private and Voluntary Sectors

Yes No Additional Other (Optional)

- Family Caregiver, including older relative caregiver
- Tribal Representative
- LGBTQ Identification
- Veteran Status
- Other _____

Explain any “No” answer(s):

The most recent local elected official stepped down in 2023 due to personal work commitments and demands of public office. We have a member who is a City Council appointed representative of a Senior Commission who now fills this role.

AAA staff continues to explore ways in which a relationship with tribal partners can be strengthened.

Explain what happens when term expires, for example, are the members permitted to remain in their positions until reappointments are secured? Have they been replaced, renewed or other?

AAA Staff reviews membership with the Commission’s Executive Committee on a regular basis to ensure membership remains current. To maintain membership, commission members are expected to be renewed or released prior to expiration.

A Commission Ad Hoc Committee is researching ways in which a waitlist can be utilized to hold applicants who would be appropriate for membership to ensure openings are available for applicants who strengthen representation of the population served.

Briefly describe the local governing board’s process to appoint Advisory Council members:

Applications for open Board appointments are received by the Clerk of the Board and forwarded to the appropriate Board of Supervisor office with a cc: to the Community Services Program

Manager and Human Services Department Adult & Aging Division Director. AAA Staff does not have a role in decision-making. AAA staff does maintain a relationship with Board of Supervisor offices to clarify membership demographics and unrepresented segments.

SECTION 19. ASSURANCES

Pursuant to the Older Americans Act Reauthorization Act of 2020, (OAA), the Area Agency on Aging assures that it will:

A. Assurances

1. OAA 306(a)(2)

Provide an adequate proportion, as required under Older Americans Act Reauthorization Act of 2020 Section 307(a)(2), of the amount allotted for part B to the planning and service area will be expended for the delivery of each of the following categories of services—

- (A) services associated with access to services (transportation, health services (including mental and behavioral health services) outreach, information and assistance, (which may include information and assistance to consumers on availability of services under part B and how to receive benefits under and participate in publicly supported programs for which the consumer may be eligible) and case management services);
- (B) in-home services, including supportive services for families of older individuals with

Alzheimer's disease and related disorders with neurological and organic brain dysfunction; and

(C) legal assistance; and assurances that the area agency on aging will report annually to the State agency in detail the amount of funds expended for each such category during the fiscal year most recently concluded;

2. OAA 306(a)(4)(A)(i)(I-II)

(I) provide assurances that the area agency on aging will -

(aa) set specific objectives, consistent with State policy, for providing services to older individuals with greatest economic need, older individuals with greatest social need, and older individuals at risk for institutional placement;

(bb) include specific objectives for providing services to low-income minority older individuals, older individuals with limited English proficiency, and older individuals residing in rural areas; and;

(II) include proposed methods to achieve the objectives described in (aa) and (bb) of subclause (I);

3. OAA 306(a)(4)(A)(ii)

Include in each agreement made with a provider of any service under this title, a requirement that such provider will—

(I) specify how the provider intends to satisfy the service needs of low-income minority individuals, older individuals with limited English proficiency, and older individuals residing in rural areas in the area served by the provider;

(II) to the maximum extent feasible, provide services to low-income minority individuals, older individuals with limited English proficiency, and older individuals residing in rural areas in accordance with their need for such services; and

(III) meet specific objectives established by the area agency on aging, for providing services to low-income minority individuals, older individuals with limited English proficiency, and older individuals residing in rural areas within the planning and service area.

4. OAA 306(a)(4)(A)(iii)

With respect to the fiscal year preceding the fiscal year for which such plan is prepared—

(I) identify the number of low-income minority older individuals in the planning and service area.

(II) describe the methods used to satisfy the service needs of such minority older individuals; and

(III) provide information on the extent to which the area agency on aging met the objectives described in assurance number 2.

5. OAA 306(a)(4)(B)

Use outreach efforts that —

(i) identify individuals eligible for assistance under this Act, with special emphasis on—

(I) older individuals residing in rural areas.

(II) older individuals with greatest economic need (with particular attention to low-

- income minority individuals and older individuals residing in rural areas);
- (III) older individuals with greatest social need (with particular attention to low-income minority individuals and older individuals residing in rural areas);
- (IV) older individuals with severe disabilities.
- (V) older individuals with limited English proficiency.
- (VI) older individuals with Alzheimer's disease and related disorders with neurological and organic brain dysfunction (and the caretakers of such individuals); and
- (VII) older individuals at risk for institutional placement, specifically including survivors of the Holocaust; and

(ii) inform the older individuals referred to in sub-clauses (I) through (VII) of clause (i), and the caretakers of such individuals, of the availability of such assistance;

6. OAA 306(a)(4)(C)

Contain an assurance that the Area Agency on Aging will ensure that each activity undertaken by the agency, including planning, advocacy, and systems development, will include a focus on the needs of low-income minority older individuals and older individuals residing in rural areas;

7. OAA 306(a)(5)

Provide assurances that the Area Agency on Aging will coordinate planning, identification, assessment of needs, and provision of services for older individuals with disabilities, with particular attention to individuals with severe disabilities, and individuals at risk for institutional placement with agencies that develop or provide services for individuals with disabilities;

8. OAA 306(a)(6)(I)

Describe the mechanism(s) for assuring that each Area Plan will include information detailing how the Area Agency will, to the extent feasible, coordinate with the State agency to disseminate information about the State assistive technology entity and access to assistive technology options for serving older individuals.

9. OAA 306(a)(9)(A)-(B)

(A) Provide assurances that the Area Agency on Aging, in carrying out the State Long-Term Care Ombudsman program under 307(a)(9), will expend not less than the total amount of funds appropriated under this Act and expended by the agency in fiscal year 2019 in carrying out such a program under this title;

(B) funds made available to the Area Agency on Aging pursuant to section 712 shall be used to supplement and not supplant other Federal, State, and local funds expended to support activities described in section 712;

10. OAA 306(a)(11)

Provide information and assurances concerning services to older individuals who are Native Americans (referred to in this paragraph as "older Native Americans"), including—

(A) information concerning whether there is a significant population of older Native Americans in the planning and service area and if so, an assurance that the area

agency on aging will pursue activities, including outreach, to increase access of those older Native Americans to programs and benefits provided under this title;

- (B) An assurance that the Area Agency on Aging will to the maximum extent practicable, coordinate the services the agency provides under this title with services provided under title VI; and
- (C) An assurance that the Area Agency on Aging will make services under the area plan available, to the same extent as such services are available to older individuals within the planning and service area, to older Native Americans.

11. OAA 306(a)(13)(A-E)

- (A) maintain the integrity and public purpose of services provided, and service providers, under this title in all contractual and commercial relationships;
- (B) disclose to the Assistant Secretary and the State agency—
 - (i) the identity of each nongovernmental entity with which such agency has a contract or commercial relationship relating to providing any service to older individuals; and
 - (ii) the nature of such contract or such relationship.
- (C) demonstrate that a loss or diminution in the quantity or quality of the services provided, or to be provided, under this title by such agency has not resulted and will not result from such contract or such relationship;
- (D) demonstrate that the quantity or quality of the services to be provided under this title by such agency will be enhanced as a result of such contract or such relationship; and
- (E) on the request of the Assistant Secretary or the State, for the purpose of monitoring compliance with this Act (including conducting an audit), disclose all sources and expenditures of funds such agency receives or expends to provide services to older individuals;

12. 306(a)(14)

Provide assurances that preference in receiving services under this Title will not be given by the Area Agency on Aging to particular older individuals as a result of a contract or commercial relationship that is not carried out to implement this title;

13. 306(a)(15)

- Provide assurances that funds received under this title will be used—
- (A) to provide benefits and services to older individuals, giving priority to older individuals identified in Section 306(a)(4)(A)(i); and
 - (B) in compliance with the assurances specified in Section 306(a)(13) and the limitations specified in Section 212;

14. OAA 305(c)(5)

In the case of a State specified in subsection (b)(5), the State agency shall provide assurance, determined adequate by the State agency, that the Area Agency on Aging will have the ability to develop an area plan and to carry out, directly or through contractual or other arrangements, a program in accordance with the plan within the planning and service area.

15. OAA 307(a)(7)(B)

- i. no individual (appointed or otherwise) involved in the designation of the State agency or an Area Agency on Aging, or in the designation of the head of any subdivision of the State agency or of an Area Agency on Aging, is subject to a conflict of interest prohibited under this Act;
- ii. no officer, employee, or other representative of the State agency or an Area Agency on Aging is subject to a conflict of interest prohibited under this Act; and
- iii. mechanisms are in place to identify and remove conflicts of interest prohibited under this Act.

16. OAA 307(a)(11)(A)

- i. enter into contracts with providers of legal assistance, which can demonstrate the experience or capacity to deliver legal assistance;
- ii. include in any such contract provisions to assure that any recipient of funds under division (i) will be subject to specific restrictions and regulations promulgated under the Legal Services Corporation Act (other than restrictions and regulations governing eligibility for legal assistance under such Act and governing membership of local governing boards) as determined appropriate by the Assistant Secretary; and
- iii. attempt to involve the private bar in legal assistance activities authorized under this title, including groups within the private bar furnishing services to older individuals on a pro bono and reduced fee basis.

17. OAA 307(a)(11)(B)

That no legal assistance will be furnished unless the grantee administers a program designed to provide legal assistance to older individuals with social or economic need and has agreed, if the grantee is not a Legal Services Corporation project grantee, to coordinate its services with existing Legal Services Corporation projects in the planning and service area in order to concentrate the use of funds provided under this title on individuals with the greatest such need; and the Area Agency on Aging makes a finding, after assessment, pursuant to standards for service promulgated by the Assistant Secretary, that any grantee selected is the entity best able to provide the particular services.

18. OAA 307(a)(11)(D)

To the extent practicable, that legal assistance furnished under the plan will be in addition to any legal assistance for older individuals being furnished with funds from sources other than this Act and that reasonable efforts will be made to maintain existing levels of legal assistance for older individuals; and

19. OAA 307(a)(11)(E)

Give priority to legal assistance related to income, health care, long-term care, nutrition, housing, utilities, protective services, defense of guardianship, abuse, neglect, and age discrimination.

20. OAA 307(a)(12)(A)

Any Area Agency on Aging, in carrying out such services will conduct a program consistent with relevant State law and coordinated with existing State adult protective service activities for -

- i. public education to identify and prevent abuse of older individuals.
- ii. receipt of reports of abuse of older individuals.
- iii. active participation of older individuals participating in programs under this Act through outreach, conferences, and referral of such individuals to other social service agencies or sources of assistance where appropriate and consented to by the parties to be referred; and
- iv. referral of complaints to law enforcement or public protective service agencies where appropriate.

21. OAA 307(a)(15)

If a substantial number of the older individuals residing in any planning and service area in the State are of limited English-speaking ability, then the State will require the Area Agency on Aging for each such planning and service area -

(A) To utilize in the delivery of outreach services under Section 306(a)(2)(A), the services of workers who are fluent in the language spoken by a predominant number of such older individuals who are of limited English-speaking ability.

(B) To designate an individual employed by the Area Agency on Aging, or available to such Area Agency on Aging on a full-time basis, whose responsibilities will include:

- i. taking such action as may be appropriate to assure that counseling assistance is made available to such older individuals who are of limited English-speaking ability in order to assist such older individuals in participating in programs and receiving assistance under this Act; and
- ii. providing guidance to individuals engaged in the delivery of supportive services under the area plan involved to enable such individuals to be aware of cultural sensitivities and to take into account effective linguistic and cultural differences.

22. OAA 307(a)(18)

Conduct efforts to facilitate the coordination of community-based, long-term care services, pursuant to Section 306(a)(7), for older individuals who -

(A) reside at home and are at risk of institutionalization because of limitations on their ability to function independently;

(B) are patients in hospitals and are at risk of prolonged institutionalization; or

(C) are patients in long-term care facilities, but who can return to their homes if community-based services are provided to them.

23. OAA 307(a)(26)

Area Agencies on Aging will provide, to the extent feasible, for the furnishing of services under this Act, consistent with self-directed care.

B. Code of Federal Regulations (CFR), Title 45 Requirements:

24. CFR [1321.53(a)(b)]

(a) The Older Americans Act intends that the area agency on aging shall be the leader relative to all aging issues on behalf of all older persons in the planning and service area. This means that the area agency shall proactively carry out, under the leadership and direction of the State agency, a wide range of functions related to advocacy, planning, coordination, inter-agency linkages, information sharing, brokering, monitoring and evaluation, designed to lead to the development or enhancement of comprehensive and

coordinated community-based systems in, or serving, each community in the Planning and Service Area. These systems shall be designed to assist older persons in leading independent, meaningful and dignified lives in their own homes and communities as long as possible.

(b) A comprehensive and coordinated community-based system described in paragraph (a) of this section shall:

- (1) Have a visible focal point of contact where anyone can go or call for help, information or referral on any aging issue;
- (2) Provide a range of options;
- (3) Assure that these options are readily accessible to all older persons: The independent, semi-dependent and totally dependent, no matter what their income;
- (4) Include a commitment of public, private, voluntary and personal resources committed to supporting the system;
- (5) Involve collaborative decision-making among public, private, voluntary, religious and fraternal organizations and older people in the community;
- (6) Offer special help or targeted resources for the most vulnerable older persons, those in danger of losing their independence;
- (7) Provide effective referral from agency to agency to assure that information or assistance is received, no matter how or where contact is made in the community;
- (8) Evidence sufficient flexibility to respond with appropriate individualized assistance, especially for the vulnerable older person;
- (9) Have a unique character which is tailored to the specific nature of the community;
- (10) Be directed by leaders in the community who have the respect, capacity and authority necessary to convene all interested persons, assess needs, design solutions, track overall success, stimulate change and plan community responses for the present and for the future.

25. CFR [1321.53(c)]

The resources made available to the Area Agency on Aging under the Older Americans Act are to be used to finance those activities necessary to achieve elements of a community-based system set forth in paragraph (b) of this section.

26. CFR [1321.53(c)]

Work with elected community officials in the planning and service area to designate one or more focal points on aging in each community, as appropriate.

27. CFR [1321.53(c)]

Assure that services financed under the Older Americans Act in, or on behalf of, the community will be either based at, linked to or coordinated with the focal points designated.

28. CFR [1321.53(c)]

Assure access from designated focal points to services financed under the Older Americans Act.

29. CFR [1321.53(c)]

Work with, or work to assure that community leadership works with, other applicable agencies and institutions in the community to achieve maximum collocation at, coordination with or access to other services and opportunities for the elderly from the designated community focal points.

30. CFR [1321.61(b)(4)]

Consult with and support the State's long-term care ombudsman program.

31. CFR [1321.61(d)]

No requirement in this section shall be deemed to supersede a prohibition contained in the Federal appropriation on the use of Federal funds to lobby the Congress; or the lobbying provision applicable to private nonprofit agencies and organizations contained in OMB Circular A-122.

32. CFR [1321.69(a)]

Persons age 60 and older who are frail, homebound by reason of illness or incapacitating disability, or otherwise isolated, shall be given priority in the delivery of services under this part.

New programs funded by OCAM-Supportive Services

1) Aging Better Sonoma County

A twice weekly 8-week health and wellness program with focus on serving low-income, at-risk seniors with no transportation who live in a community setting, like low-income senior apartments.

One class per week will be dedicated to lecture/learning on a health topic specific to seniors such as CBD/cannabis, brain health and the second to physical movement such as at home balance and dance. All exercise classes can be performed standing or seated, allowing for various fitness levels to participate. Classes would be videotaped or streamed live as options

for seniors unable to attend in-person.

2) Bridge the Gap Housing Specialist

The Bridge the Gap program is designed to provide help to seniors with applying for financial assistance to help cover rental increases and/or housing costs. The focus is to serve low-income individuals who do not qualify for any other low-income housing service, such as Section 8 vouchers. These funds provide a rental subsidy of up to \$200.00 maximum per month, thus augmenting the senior's income source to maintain a stable living situation.

The program's Housing Specialist manages the program, works with low-income housing providers as well as works as an advocate for the senior. Partnering with Application Assistance programs at local Senior Centers, the Housing Specialist provides peer support, helping individuals through the application process, creating a level of trust that many seniors need to access programming.

3) Community Education: Juntos de la Mano

The *Juntos de la Mano (Together Hand in Hand)* Program addresses language inequity and health disparities for low-income, monolingual Spanish-speaking adults. Participants receive education about resources and available supports and services in Sonoma County, which promotes increased access to food, nutrition, health care, mental health, housing, and other senior-specific supportive services for high-need populations.

Community health workers/promotoras de salud, provide outreach and one-on-one education and resource navigation, understand their community, cultural values and family dynamics, historical challenges, and the landscape of inequities.

4) Disaster Preparedness Materials Program

In person, hands-on emergency preparedness workshops are held throughout the year at senior facilities, community centers, low-income senior housing complexes, and assisted living communities. The workshops are scheduled two weeks apart and include the distribution of free emergency preparedness kits or “go bags” full of tools and supplies that older adults may need in a time of crisis.

5) Travel Voucher

Travel Vouchers will expand existing volunteer driver programs and increase efficiency by providing rides to locations that are not able to be reached by volunteers due to distance or lack of drivers in the area. These locations include geographically isolated and rural regions of Sonoma County and out of county medical appointments. Providing vouchers also increases the ability to provide more rides and decreases cancellations of rides due to lack of providers.

6) Caregiver Training

Workshops or one-on-one individually tailored sessions conducted either in person or electronically by a skilled and knowledgeable individual, to assist caregivers in developing the skills and gaining the knowledge necessary to fulfill their caregiving responsibilities; and address the areas of health, nutrition, and financial literacy.

7) Walking School Bus

The "Petaluma Walking School Bus" program involves a group of children walking to school together with older adult leaders (60 and older). On the trip to school, the adult volunteers

provide social support, address potential traffic and interpersonal safety issues, and serve as role models to the children, all while children and older adults increase their physical activity levels.

New programs funded by OCAM-Nutrition

1) Brown Bag Program

Low-income seniors across Sonoma County can attend one monthly, twice monthly, or weekly food distribution sites in Sonoma County to receive a robust provision of at least 25 pounds (21 meals worth) of healthy surplus food including donated items and fresh produce.

Key actions include:

- a. Strategically source and procure surplus and donated food through producers/growers, wholesalers, manufacturers, etc.
- b. Transport and distribute surplus and donated items, including fresh produce available through the partnership with the California Association of Food Banks.
- c. Enlist the help of dedicated volunteers to glean and sort food at the Redwood Empire Food Bank main warehouse facility in Santa Rosa.
- d. Assist at distribution sites and deliver food to homebound seniors where possible.
- e. Conduct ongoing outreach with local site hosts to confirm the committed support of efforts and alert sites of any program changes.
- f. Conduct direct outreach to age-eligible seniors to ensure that all older adults in need of our services can receive them.
- g. Distribute food to our senior clients on a monthly, twice monthly, or weekly basis across Sonoma County (depending on the site), through a combination of drive-through, walk-up and porch delivery models to meet participants where they are in a manner that is most convenient for them.

2) Intergenerational Activities – Tellegacy Program

The Tellegacy Program connects homebound older adults with a much younger volunteer (Legacy Builder) who are generally students and interns.

The Legacy Builder brings a nutritious lunch to the senior's residence once a week for eight weeks and conducts conversational interviews. These interviews focus on building rapport and providing a sense of hope, while also allowing the older adult to impart wisdom and share stories of their past. This interaction has been found to improve social interaction, increase life satisfaction, reduce geriatric depression, assist with cognitive orientation, and increase sense of purpose and meaning.

At the end of the eight weeks, the volunteer will use the notes from the sessions to write a short legacy book including the details of the senior's life that was discussed. The legacy book is gifted to the older adult at the end of the sessions.

3) To-Go Meals

To-go meals help ensure older adults, adults with disabilities, and their caregivers living with them have access to well-balanced healthy meals being prepared and distributed at various locations throughout Sonoma County. The meals are picked up by clients or their agent, or delivered to clients who are not comfortable dining in a congregate meal setting or unable to

cook healthy food for themselves due to health issues and other reasons.

During the interaction, the site staff distributes flyers for upcoming events, nutrition education and physical activity information, and other opportunities that enhance their quality of life. It also gives the site staff an opportunity to do a security check and provide a little social contact for more isolated, frail seniors.

SECTION 21. LOCAL MASTER PLAN FOR AGING

The local MPA is an initiative to create a Sonoma County plan to promote healthy aging throughout the lifespan. The local MPA will be aligned with the California Master Plan for Aging – the State’s blueprint to prepare for the demographic changes underway and continue its leadership in aging, disability and equity. Twenty-one community members representing sectors in housing, healthcare, wellness, caregiving and economic security make up a steering committee who will help inform and develop a local plan.

The Area Agency on Aging was awarded a LADAP grant from the California Department of Aging. In partnership with the City of Santa Rosa and City of Sonoma, the Human Services Department will develop a culturally inclusive LADAP based on current, emerging, and future aging and disability-related needs. The LADAP will be shaped by a LADAP Advisory Committee specifically focusing on the needs of the Black Indigenous People of Color (BIPOC) community.

Stage 1: Raising Awareness & Community Education

This stage is in process through the Local Master Plan for Aging strategic planning effort as well as the Local Aging & Disability Action Plan (LADAP). Both initiatives were the result of grant applications to strengthen Sonoma County’s ability to build an age- and disability-friendly community.

Stage 2: Planning

As part of the Local Master Plan for Aging, Sonoma County has established a local Advisory Committee and contracted with Collaborative Consulting to complete a community needs assessment through review of local data, facilitated planning and priority-setting sessions and conducted stakeholder interviews.

As part of the Local Aging & Disability Action Plan (LADAP), Sonoma County has established a local Advisory Committee and contracted with MIG to complete focus groups, stakeholder interviews and a survey. This initiative is centered on the City of Santa Rosa and Sonoma Valley with particular attention to underserved, high priority populations including Black Indigenous People of Color (BIPOC).

Stage 3: Development

As part of the Local Master Plan for Aging the local Advisory Committee along with lead staff and Collaborative Consulting are identifying community-level goals and priority initiatives to finalize a Local MPA strategic document.

The Local Aging & Disability Action Plan is scheduled to complete work and submit findings in March 2025.

Stage 4: Implementation

The Local Master Plan for Aging will be shared with the Board of Supervisors by September 2024 and a community meeting will be scheduled in October to highlight findings and identify a path forward to implementation.
